Subject: docket no. 2007-286-ws

Dear PSC,

RE: Docket No. 2007-286-WS

I received a copy of a letter dated 10/21/11 from Willoughby & Hoefer, P.A. for "(a) the Motion to Preclude Testimony and to Strike Protests and (b) the Alternative Motion in Limine of Utilities Services of South Carolina, Inc. ("USSC")", with no details as to "(b)" or why protest should be struck.

Why should the citizens of S.C. be silenced ? We don't have high dollar attorneys to speak for us. We're just regular people trying to get a fair break. I understand business enough to know you must get a fair return on your investment \$'s, but I haven't seen signs of investment \$'s being spent in my neighborhood. I also understand the people directly behind me pay a faction for water that we pay, even though the water comes from the same pumping station. I urge you to consider our comments.

Thank you for your consideration.
